GENERAL INVESTMENT INCENTIVE SCHEME

Regardless of region where investment is made, the scheme is available for all investment projects provided that:

- Investment subject is not excluded from the investment incentives programs,
- Requirement of minimum fixed investment amount is met.

The investment projects that are supported from the General Investment Incentives Scheme will benefit only from customs duty and VAT exemptions on their machinery and equipment expenditures.

As a novelty in the program, additionally income tax withholding allowance will be available on portions of labor wages corresponding to amount of legal minimum wage if investment is made in Region 6.

REGIONAL INVESTMENT INCENTIVE SCHEME

- Regional system aims to eliminate inter-regional imbalances by means of encouragement of sectors determined. Rates of support measures have been differentiated according to the level of development of the regions.
- Investment subjects to be supported have been identified by taking into consideration of the economic potentials of provinces and scales of economies.
- Within the scope of regional investment encouragement, minimum investment amounts are determined for certain investment subjects in each region separately. If there is no defined minimum investment amount, it is;
 - 1 million TL in Regions I and II,
 - 500 thousand TL in Regions III, IV, V and VI.

SCHEME

What are the Strategic Investments?

- Investments to be made for production of intermediate or final products of which more than 50% are supplied by imports.
- Energy investments to be made for exclusive use of such strategic investments.

What are the goals of the scheme?

- On the basis of the “Input Supply Strategy” this scheme aims at supporting production of intermediate and final products with high import dependence with a view to reduce current account deficit.
- It also targets encouraging high-tech and high value added investments with a potential of strengthening Turkey’s international competitiveness.

Eligibility criteria for Strategic Investments

- ✓ to be made for production of intermediate and final products
 - ✓ with high import dependence
 - ✓ of which more than 50% are supplied by imports
- ✓ with a minimum investment amount of 50 million TL
- ✓ with a minimum 40% value added (This condition is not applicable to refined petroleum production investments and petrochemicals production investments)
- ✓ With an import of at least 50 million \$ in the last one year period (This condition is not necessary for goods with no domestic production)
